

Cattle Tagging Regulations

Animals born after 1st January 2000 require a set of tags (2)- one primary tag and one secondary tag- printed with a numeric herd number from the holding of birth followed by a check digit and a five digit animal number.

Lost tags should be replaced with a tag printed with the same information as the original. These tag regulations apply to Great Britain only.

For regulations applying to animals born prior to January 2000, please refer to the DEFRA website - www.defra.gov.uk in England and Wales and the SEERAD website - www.scotland.gov.uk/agri in Scotland, or call us for more details on telephone number 0845 600 70 90.
